

HEALTH & SAFETY POLICY

Diablo Resources Limited (Diablo) is a US focussed copper-gold exploration company which trades on the Australian Securities Exchange (ASX : DBO).

We are committed to promoting and maintaining the best occupational health and safety conditions as a vital part of the way we conduct our business.

The policy informs the organisation of the importance of meeting both customer and legal, corporate and regulatory requirements.

Diablo undertakes to:

- Maintain and improve our standards of Occupational Health, & Safety in our business activities with the aim of minimising and/or eliminating risks/hazards through continual improvement.
- Develop training and prevention programmes with the aim of minimising and/or eliminating risks/hazards through continual improvement.
- Promote the responsibility and ongoing commitment of management and all workers, for the application of the standards established in our company.
- Comply with and enforce the legal provisions, regulation and other requirements that relate to the company in the field of risk and hazard minimisation and prevention.
- Communicate and disseminate this policy to all workers and third parties and ensure they can apply to their individual activities and responsibilities to minimise risks and/or eliminate hazards.

This policy applies to all Diablo employees including contractors and consultants and is applicable to all avenues of the Company's business interests including operational, exploration and construction sites.
